

Distinguished and stately, the Oak Room is surrounded by hand-rubbed, oak-paneled walls, hand cut dental molding, and a soap stone fireplace, creating a warm and inviting environment for your next social, corporate or non-profit event.

The room features the same inlaid marble floors found in our Ballroom. Hand forged wrought-iron window grates accentuate the authenticity of the hand-blown glass window panes overlooking New York's most famous street, Broadway.

Enjoy the ambiance of the Oak Room for a wine tasting party, small luncheon or private gathering. It's also fitting as a bride's ready room before a ceremony in the Grand Ball Room or as a celebrity green room prior to an appearance.
